Cookie policy

Owner: the Director **Last reviewed:** November 2026

Review cycle: at least annually

Summary

The Komos Solutions Ltd website at www.komossolutions.com does not set any cookies. It does not use analytics, advertising or tracking tools, and it does not embed third-party content such as maps, videos or social media widgets. Because no non-essential cookies are used, we do not show a cookie banner.

The company pages are self-contained. Some of our older product pages load web fonts from Google Fonts; this does not set cookies, but your browser sends a request, including your IP address, to Google to download the fonts.

What cookies are

Cookies are small text files that a website stores on your device. Similar technologies, such as browser local storage, store information in your browser in a comparable way. Under the Privacy and Electronic Communications Regulations (PECR), websites must ask for consent before using cookies or similar technologies, unless they are strictly necessary for a service you have asked for.

What this website uses

Name	Type	Purpose	Duration
None	Cookies	No page on this website sets cookies, including the contact form.	Not applicable
`second-sight-colour-theme`	Browser local storage	Only on the Second Sight product pages: remembers your colour theme setting (for example, high contrast). It stays on your device and is not sent to us. This is strictly necessary to provide the accessibility setting you use.	Until you clear it in your browser

Contact form

Our contact form sends your message to us without setting cookies. The details you enter are handled as described in our privacy notice.

Links to other websites

Some pages link to other websites, such as app stores, the Apify platform and Companies House. Those websites may set their own cookies under their own policies once you visit them.

Separate web applications

Web applications we run on their own subdomains, such as product sign-in areas, are covered by the privacy notice of that application, which will explain any cookies they use.

Managing cookies

You can block or delete cookies and local storage in your browser settings. The ICO provides guidance on cookies for the public.

Changes and contact

If we start using any non-essential cookies we will update this policy and ask for your consent first. Questions about this policy can be sent to hello@komossolutions.com.
